## Test Mode

CUBE-01 is different from CUBE-10GX in the color of lighting or flashing LED when entering the Test mode.

### Entering the Test Mode

1. Turn all controls all the way counterclockwise.
2. Connect the headphones to the **REC OUT/PHONES** jack.
3. Hold down the **AMP TYPE** switch and turn on the power.  
The LED lights up green, then goes dark, then flashes green once.  
Continue to hold down the **AMP TYPE** switch until the LED flashes green.
4. After the LED flashes green, press the **AMP TYPE** switch twice within 2 seconds.  
The LED lights up red and rapidly flashes orange and then flashes red, and the unit enters the Test mode.
